# Winter 2008 Hospitality Newsletter

The teapot is on.... the ingredients for Blueberry Tea are ready.... and the Hospitality Newsletter is here.... It is time to take those few minutes and reflect on 'back when' and see what is happening now...

It was a relief to know that the Tourism Management diploma program was re-instated here at the Lunenburg Campus this September. The support that you have shown during our crisis has been greatly appreciated and has assisted with our renewed program. Your e-mails, your recommendations that we used on the Lunenburg web-site (<http://nscclunenburg.ca>) and for other promotional items... all assisted in our recruitment efforts... and will continue to do. A big 'Thank You' to all...

Now, for the serious stuff..... there have been weddings and new arrivals....the 'echo' generation seems to be assisting with the population demographics! (This also includes pets!) Don't you just love those Tourism marketing terms!

The Blueberry Tea has been created.....
